"We just wanted to drop you a note to thank you and the organizing committee for all the hard work, time and efforts that you've put into planning the wonderful New Year's Eve party. We all had wonderful time, not to mention that our kids had a blast. We were very impressed by the level of attentiveness and care that was provided by the babysitters and the security personnel in the kid's room. Actually that was the highlight of our evening seeing how well entertained and safe our kids felt away from us. That off course enabled us, adults, to enjoy our time and the amazing program.

*Obviously, you all outdid yourselves to bring us this great party. The food was outstanding and the entertainment was above and beyond everybody's expectation. It was indeed a memorable night and we appreciate you all for making it happen. Look forward for more of this to come!
Melanie"*
